## Summer Concentration A Success -- North Griesbach Leads Beautification -- School Registration September 1st

### To Viet Nam

Captain G. J. (Jerry) Conroy of Kirkland Lake, Ont., will leave Canada early in August to serve

with the Military Component of the Canadian Delegation in Viet Nam.

An officer of the Canadian Provost Corps, he has been deputy command provost marshal at Headquarters Western Command in Edmonton since 1962.

Capt. Conroy originally enlisted with the Algonquin Regiment at Kirkland Lake in 1940. He went overseas with that unit, serving in the United Kingdom and North-west Europe before returning to Canada and civilian life in September 1945.

After serving two years as a constable with the Kirkland Lake police force, he re-enlisted in the Army in 1952.

Since then Capt. Conroy has served in Camp Borden, Ont., Camp Shilo, Man., and Germany.

His wife, Marion (nee Olive of Kirkland Lake), and three daughters reside in Edmonton.

### CWAC Camp August 17 - 29

Over 400 members of the Canadian Women's Army Corps will leave office and household tasks again this summer, to attend CWCA camp in three of the four Army commands across Canada.

Two weeks of training under the Canadian Army (Militia) program will be conducted in Eastern Command, at Camp Aldershot, N.S.; in Central Command, at Camp Niagara, Ont.; and in Western Command, at Camp Wainwright, Alta.

No CWAC summer camp is planned for members of the corps in Quebec Command. Candidates for lieutenant and senior non-commissioned officers courses will take training with male candi-

dates. Approximately 30 members of the CWAC are expected to attend from the province of Quebec.

Recruit training and qualifying courses for lieutenants and NCO's will be conducted for 150 members of the CWAC at Camp Wainwright from August 17 to 29.

In addition to the annual summer training, members of the CWAC may also attend militia group concentrations with their units.

### Former Residents Commissioned

Believed to be unique in Regular Army history is the commissioning of a father and son in a space of one month. Lieutenant Allan G. Macdonald became a specialist officer in the directorate of public relations (Army), and 2/Lieutenant John A. Macdonald was commissioned in the Fort Garry Horse.

The elder Macdonald, 42, was a warrant officer in public relations before his promotion, having served previously as a PR NCO in Edmonton, Ottawa and Egypt. During his tour in Edmonton both he and his wife served on the staff of the Griesbach Bugle.

John Macdonald, 20, is a recent graduate of Carleton University, Ottawa, where he was an officer cadet studying under the Regular Officer Training Plan. He also studied for two years at the University of Alberta, Edmonton.

The Macdonalds live at 2700 Priscilla Street, Ottawa.

### POWER MOWERS

The safe use of a power mower requires a lot more care than the old hand mower, the Ontario Safety League reminds householders. Be sure small pieces of metal and other debris are cleared from the lawn before mowing, as they can be hurled by a mower blade with bullet speed, and injure bystanders.

Wear sturdy shoes to protect feet, and cut sideways along slopes rather than up and down. Always turn the motor off before attempting to clear clogged blades, and allow motor to cool before refueling, to avoid a flash fire. Power mower operation is an adult job. Never entrust it to a child, nor allow children near the machine.

### SWORDS INTO SCHOLARSHIPS

The Princess Patricia's Light Infantry goes one better than beating swords into plowshares. To mark its 50th year the famous Canadian regiment is creating a scholarship fund in honor of its founder, the late Brig. A. Hamilton Gault, the last man in the Commonwealth allowed to raise a unit at his own expense.

The PPCLI Association, composed of all serving and veteran members of the regiment, is raising the Gault Memorial Fund to assist men from the ranks who have proven leadership ability but lack the formal education for promotion to warrant or commissioned officer.

Many young men thus will be given a hand up. While their higher education will help the Army, which needs more men with science, languages and mathematics, it will also help the nation as a whole. The PPCLI man gains a pride in regiment and country that never fades and when he lays down his sword and retires from the army, his learning remains with him, an asset in civilian life.

Brave, often-wounded Hamilton Gault used to tell his men it was an honor and privilege to bear arms. Higher education can be regarded as an honor and privilege, too, and who can more be trusted with honor and privilege than a PPCLI man?

— Ottawa Journal.

### BOOK BRIEFS

"Love, Let Me Not Hunger"  
by Paul Gallico

Exciting, emotionally disturbing, and filled with stampeding action, Paul Gallico's new novel — about men, women, and animals stranded in Spain with a bankrupt circus — is one of his most arresting works. With passion and violence not usual in Gallico fiction, he has written a novel of love and hate that is deeply moving, carefully plotted, and peopled with characters richly perceived and boldly portrayed. It is the amazing story of people reacting to adversity, exhibiting compassion or indifference, honesty or treachery told with frank realism — a drama of sinister purposes, abiding love, starvation and survival.

"Undercover Cat"  
by The Gordons

The light-hearted story, soon to be released by Walt Disney as a motion picture, of a cat who became an F.B.I. informant, "Damn Cat", 25-pound feline member of the Randall household, affectionately known as "D.C.", had become an official F.B.I. stoolie after returning home from one of his nocturnal prowls with a kidnapped bank teller's wristwatch around his neck. Patti Randall had dutifully called the Bureau which had, in turn, placed D.C. under constant surveillance in the hope that the cat would lead them back to the kidnapped woman.

But even the F.B.I. had underestimated the job of tracking an informant with a penchant for investigating garbage cans and crawling under parked cars.

"Von Ryan's Express"  
by David Westheimer

An American Army Air Force colonel breaks a thousand prisoners free from their Nazi captors and races them toward the Swiss border in a stolen train in this lightning-paced, but agonizingly suspenseful novel. Joseph Ryan, the ranking officer in Prigionera di Guerra 202, enlists the grudging aid of a British colonel and two other Americans in pulling off the fantastic escape — which in-

"Ask Henry"

by Henry Makow

Twelve-year-old Henry Makow wrote this book by himself, after school hours. In it he answers letters from kids and from parents whose children have been bad or something. He thinks up ways to help the kids and calm down the parents. The kid never gets off scot-free. If nothing works, he

says, use the strap. He isn't heartless, though. He's got a good sense of humor like most kids... and a little devil in him, too.

## Checkmate on the Ponderosa

Sometimes referred to as the "Ponderosa", soldiers of the 1st Canadian Infantry Brigade Group liken their 236-square-mile tented training area at Camp Wainwright, Alta., to Pa Cartwright's ranch in the TV epic "Bonanza". These members of 2 Medium Company of the Brigade's Service Battalion are taking time out during their six-week period of rugged field training to get in a game of chess under their ranch sign and emblem. Names of the TV cast are pinned to the post beside "Pa", Corporal Milford McEachern, left. The "Sheriff", Sergeant Major Andrew Konzuk referees the contest while "Adam", Corporal Alvin Evans, prepares to make his move. All are members of No. 1 Field Workshop, Royal Canadian Electrical and Mechanical Engineers from Calgary.

## New Road Route to be Ready in '65

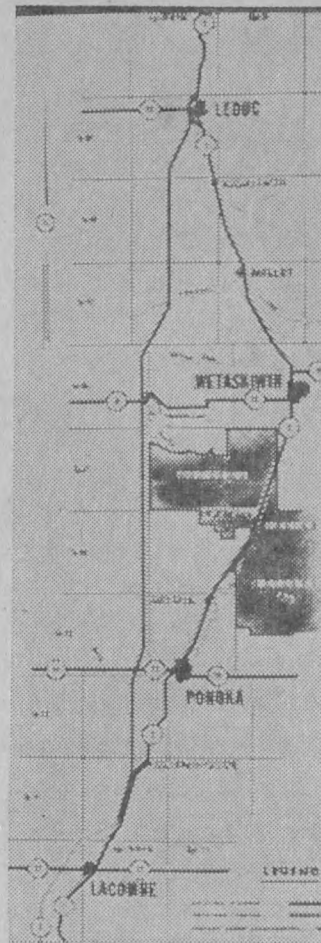

With the completion of the 49-mile section of Highway No. 2 now under construction, motorists will be able to travel directly between Edmonton and Calgary without interruption on a four-lane highway which by-passes all the major centers between the two large cities. With the exception of short sections between Edmonton and Nisku, and from Calgary to Airdrie, the highway is a divided four-lane facility.

The new section of the highway connects with recently completed Red Deer by-pass section at a point three miles north of Lacombe, and travels almost due north, skirting the western boundary of the Hobbema Indian Reserve, joining the existing four-lane divided highway just south of Leduc.

The new section of highway crosses three major streams and will include major interchanges where it intersects Highway No. 53 west of Ponoka, and Highway No. 19 at a point approximately eleven and one-half miles west of Wetaskiwin. There are interchange connections at both the Lacombe and Leduc ends of the road, together with separation and minor interchanges at a number of major district roads.

Evaluation of topographical features, highway function, suitability for future expansion, reduction in distance, and other related features were the basis on which the route was established. Work is expected to be completed by 1965.

## Canadian Cadets at Jamaica

Learning to "soldier" has paid off for 26 young master cadets from across Canada.

Their high standards of efficiency and skill have earned youths from Royal Canadian Army Cadet corps across the country a trip to Jamaica during July 19 to August 24.

A similar group of Jamaica cadets is visiting Canada in the same period, as part of a system of exchange visits between the two countries which originated in 1962.

In order to qualify, cadets must be in top physical condition and be selected for the 1964 advanced cadet leader course. In addition they must be able to instruct in weapon training and coaching, drill, basic rescue and first aid, map using and voice procedure, and methods of instruction.

The group concentrated at Camp Picton, Ont., where part of the

advanced leader course 1964 was conducted, from July 4-18. On July 19 they boarded a RCAF aircraft for the flight to Kingston, Jamaica.

In Jamaica the Canadian cadets are following a busy schedule. They will attend the Jamaican Army and Air Cadet annual camp, and in the following week will be guests in the homes of Jamaican families. They will also participate in Jamaican independence celebrations.

Highlight of the trip will be eight days of extensive training, during which they will instruct members of the Jamaican cadet troops in basic military skills. The training also involves a march around the island.

Representing Western Command are Cadet Major Lawrence Herman, of Winnipeg and Cadet Warrant Officer 1st Class William Stutt, of Edmonton.

## Posted to Egypt

Captain G. Charles of Camper, Man., left Canada last week to serve with the United Nations Emergency Force in Egypt.

## RAMBLING

with Henry Owen

Some people love basking in the limelight. More enterprising souls in this category have gone to great lengths seeking publicity. Lately many have acquired strange pets for this purpose.

I recall during the past few months, dozens of news photos showing people fondling and petting various forms of animal life ranging from lions and tigers to skunks and chimpanzees, not to mention such goodies as boa constrictors and pythons.

Some of these animal lovers have even been photographed marching their charges down the busy city streets. Being quite liberal-minded, I bear no malice against people who keep pets. They can harbour water buffalos in their pantries for all I care. But walking them down main street... That's something else. Possibly Frank Buck would relish meeting a leopard face to face while on his morning constitutional, but not me. I don't think my adrenal glands would stand the activity.

Masters of these pets, besides receiving excellent publicity, enjoy certain other benefits as a result of their magnanimity. Seldom must they queue up at bus stops or academy award-winning movies. Crowded elevators present no problem, and never, absolutely never, do they have difficulty finding a seat on the subway.

As with anything else, though, all is not roses. Alas, many of these publicity seekers become over-confident when disciplining their pets, and king-size hospital bills, in addition to the monthly astronomical meat bill, become bitter pills for them to swallow. Especially when swathed in bandages.

## POINTS of INTEREST AROUND EDMONTON

**John Walter Historical Site:** 10627 - 93rd Avenue. Edmonton's first log house remains in its original location on the south bank of the Saskatchewan River. It is now being used as a museum and on display are relics of the early days and pictures of many of the pioneers. Open daily, except Monday, from 2:00 p. m. to 5:00 p. m.

**Molson's Edmonton House:** 10439 - 121st Street. Surrounded by stockade and block-house towers is a replica of Edmonton House, an important part of old Fort Edmonton. ### Over 1,290 Children Attending RCAF Water Safety Program at Namao

Despite warnings and safety campaigns, each summer many Canadians lose their lives in accidental drownings. The RCAF, mindful of this fact, decided many years ago that the best way to cut down on service and dependent drownings was to launch a program of water safety.

In co-operation with the Canadian Red Cross Society, the RCAF trained a nucleus of recreation personnel to supervise the program which is now almost entirely carried out by volunteer instructors—serving members, their wives, and dependent children 18 years and older.

The RCAF's water safety program attracts thousands of children, wives, and service members. At RCAF Station Namao, Alta., over 1,200 children are enrolled this year for swimming instruction.

Qualified instructors teach the average non-swimmer how to swim in ten half-hour lessons or less. After the swimmer has passed the beginner's level, he is encouraged to progress through additional swimming categories. He may earn the Canadian Red Cross Society's Beginners, Junior, Intermediate and Senior certificates.

#### GENERAL COMMENTS RE LITTLE LEAGUE BASEBALL

This marks the end of another successful Baseball Season in Griesbach Barracks. A word of thanks to the coaches, umpires in particular, who night after night gave unselfishly of their time in order that the youngsters in Griesbach could enjoy the game of baseball. Without these handful of "Faithful", baseball would surely die.

#### VIKINGS — WIN TYRO LEAGUE CHAMPIONSHIP

The Vikings coached by Sgt. Joe Duddle won the Tyro League Championship by taking the Lions in a sudden death play-off with a score of 8-2. The individual stars for the Vikings were Harold Grouteete, Robert Rithaler and Dick Palmer. Presentation of the League

Trophy was made to Team Captain Robert Rithaler by League President WO2 Ray McHugh. Post game ceremonies included Hot Dogs and Pop which were ably provided by Mrs. Betty Jameison and Mrs. Elva Olson.

#### GIANTS — LITTLE LEAGUE BASEBALL CHAMPIONS

The Giants under the capable handling of Sgt. Tom Hitson, won the Little League Baseball Championship for 1964 by defeating the Red Sox in the best 2 out of 3 series, 2 games to 1. The Giants who ended up on top of the league schedule, shut-out the Indians in Series A, 2 games to 9, while the Red Sox downed the Yankees in Series B 2 games to 0. The finals produced some good baseball, but the Giants by virtue of steady pitching and clutch hitting, won in the final game. Doug Couture of the Indians took the league home run championship with 11, while Charlie Davidson of the Red Sox was runner-up with 5.

#### MOTHER AND SON BASEBALL NIGHT AT GRIESBACH

The mothers of Little League Baseball players, engaged in a Mother and Son baseball game played at Griesbach on Friday, July 7. However, the "Old Girls", in spite of a supreme mound performance by Lady Luck and a scintillating display of fielding by Lois "Devon" Davidson, and daring base-running by Ann Forsyth, were white-washed by a 6-0 score. Lady Luck deserves a better fate but some poor fielding by her mates led to her downfall. A 7BX plan will be conducted during the winter months to try and get the girls in better condition for next baseball season.

#### MIXED BOWLING LEAGUE

The Western Command Mixed Bowling League has announced that the fall and winter season will start on Tuesday, September 7th, at the Odeon Bowl, Rosslyn Shopping Centre. The 5-pin League will operate each Tuesday evening at 7 p.m.

Team Captains who are proposing to enter teams in the league, should submit the names of their teams together with a list of players to WO2 J. M. Matheson, Area Pay Office, or to Mrs. Irene Smigelski, HQ RCME at the earliest possible date.

There are openings for 16 teams consisting of five players each.

Early submissions are requested to obtain confirmation of bookings.

#### "PAT'S" TAKE TROPHY

Sergeant Aleck Wilson of Edmonton accepts the 1st Canadian Infantry Brigade Group Grand Aggregate track and field trophy on behalf of his unit, the 2nd Battalion, Princess Patricia's Canadian Light Infantry, from Lt-Col. Peter Leuchars following the Brigade's annual Sports Day held recently at Camp Wainwright, Alta. 2 PPCLI tied on points for first place with the 3rd Regiment, Royal Canadian Horse Artillery, from Winnipeg, but was awarded the trophy on basis of "FIRSTS" in the various events. Lt-Col. Leuchars is commanding officer of the 1st Battalion, The Welsh Guards, from London, England, field-training with 1 CIBG this summer.

### Cooking on Your Car Motor

Since the army has given the writer of this column his "Standing Orders", (Driver Operator Permit) he has done some research into cooking on the motor of the family car while travelling.

### Motor Cooked Roast

Lightly salt and pepper one arm or Rib Roast 1 - 1½ inch thick or whatever is required for the meal planned. Add a generous dash of meat tenderizer. Place the roast in an 18x24 inch sheet of extra heavy duty foil wrap. Bring the edges together and fold over twice to make and lock seam. Do this on the ends also, then press foil to separate sheets of foil two more times — making sure ends are sealed. This will be three wraps of foil altogether. Make the over-all package as small as possible but keep the meat lying flat.

Place the package containing the roast on the car motor just before starting on the trip, laying it on the manifold of an in-line-automobile, or between the cylinders on a V-8 type of engine, immediately ahead of the air filter.

A meal planned for noon should be placed on the motor around 8:30 a.m. or 9:00 a.m. After approximately 1½ hours of driving time at 50 or 60 miles per hour, the car should be stopped and the meat turned over so that it will not burn on one side. When ready to serve simply open the foil and shape the foil in the form of a dish or platter leftovers are delicious in sandwiches for the next meal on the road.

### Baked Potatoes on Motor

Select medium size potatoes suitable for individual servings. Place in saucepan on camp stove and cover with water, bring to boil for five minutes. (This is important if you want the potatoes to get done. I stress this because one might place the potatoes on the motor cold.

After the potatoes have boiled for five minutes, remove from water and wrap each potato in a square of foil as meat was done above.

Carrots can be cooked also, following the same procedure as potatoes except boil for ten minutes.

### Wieners on the go!

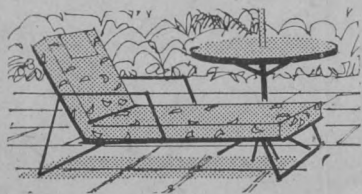

Wrap wiener in bacon strips then wrap in foil as described in directions for cooking roast. Serve in hot dog rolls that have been warmed on the motor, with mustard, chopped onions or relish.

### Travelers' Chicken

Cut young broiler or fryer in half, salt, pepper and use meat tenderizer. Wrap same as roast and cook in same manner. This makes a delicious dish.

Just a little preparation ahead of time will make just a trip to the lake for the day more fun when you reach your destination to know that your meal will be cooked and piping hot.

## 17 Rod News Briefs

By WO2 J. A. Erskine

Mr. A. E. Frost, who started work in this depot in May 1954, has retired from the Civil Service. Mr. Frost, veteran of the British Navy from 1913 to 1938, served on the HMS King George V in the memorable Battle of Jutland, was later called up for additional service for the period 1939 to 1945 in World War II and came to Canada in 1952.

He continued his service affiliations on arriving in this country and was associated with HMCS Nonsuch. Arthur was President of the 17 ROD Social Club during the last year of his stay and performed this task with the same sincerity and energy he gave to his everyday work as a storeman.

His friends extend best wishes for a happy retirement.

Major D. S. Moore has taken over the command of the depot during the absence of Lt-Col. S. E. Hunter while the CO is at Banff Cadet Camp.

Lt. V. E. Abildgaard, formerly a member of the depot, and more recently located at Ft. Nelson on the NWHS, has been TOS'd and is on detached posting to 17 ROD RIS in Calgary.

Sgt. Ralph McCormick, of our Calgary Inspection Section, has finally received his long awaited movement orders, and will be leaving for Europe early in August. Meanwhile, back at the "farm", Staff Robinson is getting fidgety regarding his pending trip overseas. Never fear, Robby, it won't be long before you are wheeling that big Chrysler through the narrow streets over there.

Cpl. G. E. McFadzen has arrived from Gagetown and the EBS Bn. He will be employed in the LPO section with Bob Olson.

Sgt. Des Balfour, from the "banana belt" of Ontario — Toronto-Hamilton area to the uninformed — has joined us from Dawson Creek on the break-up of the NWHS. He and his family will be residing in married patch. Les is at present with the RSS section.

Cpl. Don Miller and family have also moved into our community. Don has just left Ft. Churchill after a tour up north.

Mrs. Sarich, the typing pool super, took two young newcomers under her protective wing in July. Verella Sutley, recently a student at Queen Elizabeth H.S., and Rosemary Aucoin, from the O'Leary H.S., have decided to take a fling at the Civil Service. Take it easy, guys.

2/Lts. Audet and Mainquay appear to be enjoying their training semester with 17 ROD and are seen daily busily galloping here

and there gathering up as much knowledge as possible during their stay.

Have you ever noticed those cigarette addicts who flick their ashes on the floor when there is a goodly supply of ash trays about? Some harassed housewife must have written the following poem about them:

I think that I shall never see  
An ash tray big enough for me  
To hold the butts and all the ash,  
Of cigarettes and just plain trash;  
The odds and ends that lose their way  
And find themselves in my ash tray.

The home I build when I get rich,  
Will have one spacious room, in which

An ash tray on the floor will sprawl,  
Like carpet, stretched from wall to wall.

And I will never more despair —  
I'll flip my ashes anywhere!

### Erratum

In the July issue of the Bugle it appears that the writer of this column incorrectly referred to Mr. M. B. Elliott as "Mathew" instead of "Mathias". A humble apology is hereby tendered to Mr. Elliott for any embarrassment experienced.

Capt. A. V. Read of 18 Coy, Fort Churchill, Man., and Capt. G. P. Gedge, of 14 Coy, Whitehorse, have been posted to this depot on the demise of their former units.

## Alta Sig Sqn News

By Sgt. M. R. Lynn

It seems we are always saying good-bye to some one and hello to their replacements and this month is no exception.

S/Sgt. Hazelton and Sgt. Diplock who have kept our QM Stores in order left us for Kingston, Ont., and S/Sgt. Sebastian has arrived to take over these duties.

With all these postings, it is no wonder that our worthy Orderly Room Boys get in on the act. Sgt. Ritchot who has for a long time talked about the warm climate in Vancouver finally went there. Cpl. Bellingham acquired the Penhold fever and has left us for there to find out what is so good about the place seeing as so many people are going there.

Our Line Detachment was further blessed with the return of Sgt. Lou Roberts who has returned from a course (Swan) down in Chicago.

Sgt. Ratsoy arrived back from the Middle East but only to say hello as he is on his way to Kingston.

Sgt. Rowe (Miss Howe to some) is leaving our switchboard to go back to the RCS Of S in Kingston, and is leaving his new lawn and gopher in the capable hands of Sgt. Leiper and his crew.

Our Message Centre has had some worthy replacements of late. Cpl. Connors has arrived from the Congo and L/Cpl. Armagost, Sig Robinson (Laughing Boy) and Sig Lebel all arrived from Whitehorse as that station is slowly closing down.

Sig Laberge came down with them but carried on to Quebec where he will spend the next few years.

To those leaving we wish them well in their new locations and those arriving Welcome.

Our sincere wishes for an early recovery goes out to our SSM WO2 Bird who is in Col. Mewburn Pavilion.

### APPOINTED UNEF ENGINEER

Major A. G. MacAulay, of Glace Bay, N.S., was appointed force engineer for the Canadian contingent of the United Nations Emergency Force in Egypt, last week.

The 45-year old officer of the Royal Canadian Engineers previously served in the quartermaster general's branch at Army headquarters in Ottawa.

During the Second World War Major MacAulay served in various engineer appointments in Britain and Northwest Europe. He was appointed a Knight of the Order of Orange Nassau (with Swords) by the Netherlands government for his wartime services.

## "Restricted Adult" New Film Category

Alberta movie-goers may view a wider range of film entertainment under the new category of "Restricted Adult," recently instituted by the Government of Alberta.

The original classifications were: "Family," suitable for everyone, and "Adult," restricted to persons over 16 years of age, unless accompanied by a parent or bona-fide guardian. "Restricted Adult" audience classification prohibits admittance to anyone under 18 years of age. This third category allows a wider approach to sophisticated or controversial films which are considered to be unsuitable for all children.

As with the "Adult" classification, theatre owners are required to indicate the category of the film in their advertising, and, in addition, display a sign at the box office identifying the picture

as "Restricted Adult" entertainment.

"Restricted Adult" films may not be shown at drive-in theatres. (Within Our Borders)

## British Army Woman Engineer Visits Edmonton

Major Bunty Sergeant, A.M.I. Mech. E., an officer of the Women's Royal Army Corps, permanently employed with REME, was a recent visitor to the Griesbach Garrison and was entertained by local RCME officers at a luncheon in the HQ Officers' Mess, and later toured the facilities of 224 Workshop.

Major Sergeant enlisted in the British Army in 1953 following her graduation from university with an Engineering degree. She has served with REME in England, Singapore, and at present her second tour of duty in Germany where she holds the appointment of DADEME (3b) with HQ BAOR.

In June, Major Sergeant attended an Engineering Conference in New York as a British Army representative. She decided that while on this side of the Atlantic she would visit Canada, and took the trip by air from New York to British Columbia for a few weeks leave.

Asked by the Bugle reporter how she liked Western Canada, the attractive officer said the highlight of her whole trip was the breath-taking scenic beauty of the Canadian Rockies during her motor trip from B.C. to Edmonton. Queried as to marriage plans, Major Sergeant said there are no immediate plans that would interfere with her military career, but that she's still waiting for the right man to come along.

While in Edmonton, Major Sergeant was the guest of Major and Mrs. F. R. Kaye at their residence in St. Albert.
